A Day at Season School

*Example from a previous program

Greeting Time

We begin with the Hello Song, then warm up with movement games and singing.

Kinesthetic

Kinesthetic time begins our five-hour curriculum. Through dance, yoga, and games, children discover the joy of movement while developing teamwork and leadership skills.

Circle Time

After learning the school rules, children discuss familiar issues and think about how people can live well together as members of society. Games help them experience supporting their classmates and celebrating together.

Lunch Time

After the morning activities, everyone enjoys lunch together and chats with teachers and classmates.

Theme Activity 1

This Week's Theme: Design
■ **Explore Fashion**
What kinds of clothing designs are there?
What materials are used?
Children share what they know and learn from one another.

Story Telling

Children read an English book related to the theme with their teacher. By answering questions, they deepen their understanding and develop comprehension, communication, and imagination.

Language Strategies

An English skills program. Children build writing and vocabulary through theme-based word puzzles and dictation, focusing carefully on their work.

Goodbye Time

Children return to the theme activity and complete their favorite outfit. They review the day's learning, then say goodbye with a smile to friends returning tomorrow and those finishing today.

Theme Activity2

■ **Design Your Own Outfit**
Use your knowledge and imagination to design an outfit you love. Once your design is complete, bring it to life yourself. Watching it take shape is exciting!
